## The Season to be Thankful -

In November, as the weather turns cold and we bundle up with family and loved ones, it is easy to look back and consider those who have meant something in the past year. In this spirit of reflection and thanks, we wanted to take a minute to acknowledge those for whom we are grateful.

- For those skilled, compassionate professionals who are part of the care team charged with helping our Shawn with his journey through cancer. We wouldn't be the same without him, and for them, we are grateful.
- For our employees, partners, and providers, those who pull together and do the heavy lifting to get the job done often under time-sensitive deadlines, but always above expectations; for them we are grateful.
- For you all, our customers, who have trusted us and rely on us to support your personal and business goals through technology; for all of you we are grateful.

*"Be thankful for what you have; you'll end up having more. If you concentrate on what you don't have, you will never, ever have enough." —Oprah Winfrey*
